Even magic canâ€™t solve everything. . . .

After facing down the forces of Fairy in mortal combat, Persephone Alcmadi still must deal with the aftermath. Not only does Seph now possess deadly secrets she must hide from the arcane and mundane world alike, but the dozens of magical creatures whoâ€™ve taken up residence behind her cornfield need food and shelter, and thereâ€™s still her foster daughter Beverlyâ€™s tenth birthday party to plan.

And thatâ€™s not all. . . . Sephâ€™s boyfriend Johnny has revealed himself as the wãrewolf Domn Lup, and the ruler of the wãre world is en route from Romania to make sure Johnny really is the âœœkingâœ• he claims to be. But Johnnyâ€™s hiding a dangerous secret: his magic is locked in his mysterious tattoos. He and Seph must find a way for him to reclaim itâ€™fastâ€™ despite those who have no intention of letting Johnny gain his full powers. Seph knows that, in the arcane world, strength is always a necessity and power must be constantly proven, but how far is she willing to go to succeed . . . and at what cost?
